Notes : 1) The above results for the quarter and six months ended Sept 30, 2025 were reviewed and recommended by the audit committee and approved by the Board of Directors in its Meeting held on 14-Nov-20 25. These results for the quarter and six months ended Sept 30, 2025 have been reviewed by the statutory auditors of the company in terms of Regulation 33 of the SEBI (Listing obligations and Disclosure Requirements) Regulation, 2015 (as amended). They have given an unqualified report on the above results.
2) This statement has prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) (as amended) prescribed under section 133 of the Companies Act, 2013 (as amended) and other recognised accounting practices and policies to the extent applicable.
3) The Company is presently operating in only one business segment i.e. Dairy Products.
4) The Adavinekkalam plant underwent its trial run at the end of December 2024 and the first week of January 2025, subsequently consercing commercial operations. This transition led to increased Operational expenses and depreciation, contributing to a negative profit for Q4 of F.Y. 2024-25 and also for Q1 & Q2 of FY 2025-26. The company management anticipates tha the plant will achieve breakeven during Q3 of F.Y. 2025-26. This scenario is common in the industrial sector, where new plants often experience initial financial strain due to ramp -up costs. However, with optimized operations and increased production efficiency, the plant is expected to reach breakeven as projected.
5) Previous period figures are re-arranged/re-grouped wherever necessary, in line with the current period presentation.

Notes : 1) The above results for the quarter and six months ended Sept 30, 2025 were reviewed and recommended by the audit committee and approved by the Board of Directors in its Meeting held on 14-Nov-20 25. These results for the quarter and six months ended Sept 30, 2025 have been reviewed by the statutory auditors of the company in terms of Regulation 33 of the SEBI (Listing obligations and Disclosure Requirements) Regulation, 2015 (as amended). They have given an unqualified report on the above results.
2) This statement has prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) (as amended) prescribed under section 133 of the Companies Act, 2013 (as amended) and other recognised accounting practices and policies to the extent applicable.
3) The Company is presently operating in only one business segment i.e. Dairy Products.
4) The Adavinekkalam plant underwent its trial run at the end of December 2024 and the first week of January 2025, subsequently consemcing commercial operations. This transition led to increased Operational expenses and depreciation, contributing to a negative profit for Q4 of F.Y. 2024-25 and also for Q1 & Q2 of FY 2025-26. The company management anticipates tha the plant will achieve breakeven during Q3 of F.Y. 2025-26. This scenario is common in the industrial sector, where new plants often experience initial financial strain due to ramp -up costs. However, with optimized operations and increased production efficiency, the plant is expected to reach breakeven as projected.
5) Previous period figures are re-arranged/re-grouped wherever necessary, in line with the current period presentation.
